Villa in Finestrat

€1,200,000

3	3	N/A	N/A	N/A

Beren Hills Villas II is a boutique residential development of only 12 independent villas in Sierra Cortina, Finestrat, one of the established residential areas of the Costa Blanca. Developed by Beren Selective Homes, a family-owned developer active on the Costa Blanca since 1989, the project has been designed around construction quality, privacy and long-term comfort rather than high-density development. Each villa offers 3 bedrooms and 3 bathrooms, generous indoor-outdoor living areas, a private landscaped garden and a 42 m² saline infinity pool. Plot sizes are approximately 450â€“600 m². A distinctive feature of the project is the separate parking and technical level.
