N/A

Beautiful country house with AFO approved. It has three bedrooms, very large kitchen, bathroom and large living room. Outside it has a porch with spectacular views. The farm has mainly olive trees that give an annual production of about € 20,000 It is located just 12 minutes from the town. The place is very quiet and the access lane from the road is asphalted. It has electricity connection and water from the village. A good opportunity to acquire a good property in a typical Andalusian village, either as a habitual residence, for special occasions or as a tourist investment. ref:APN7304
